Do you intend to prepare a description of the process followed in this activity so that others may learn from the example?)?

Local newspapers and public notices will notify the communities about the planning process and the progress on the plan update. Will help other communities by allowing them to use this plan as an example.

Comments for FEMA

Beagle County is requesting funds to help them update their existing PDM plan. The County will have no problem coming up with the match required by FEMA. This County needs to update their plan in order to be compliant with FEMA regulations. Without this funding, a detailed Workable Plan will be very hard to accomplish on their own.
